

## Sauna & Steam Room Flooring

**Tru-Tile** flooring is the industry standard for hospitals, health clubs, pools and spas. Known for its non-slip and anti-bacterial attributes, *Tru-Tile* eliminates the maintenance associated with wood or tile flooring. *Tru-Tile* will not crack, warp or split.

### Specifications:

- **Material:** Oxy-B1 Vinyl
  - These tiles are made of oxy-B1 vinyl, a bacteria fighting material that inhibits a microorganism's ability to absorb oxygen. The oxy-B1 is bonded to the *Tru-Tile* during the manufacturing process and will prevent mildew, mold, and bacteria as the tiles are laid out.
- **Tile Size:** 12" x 12" x 9/16"
- **Weight:** 14.5 oz. per *Tru-Tile*
- **Additives:** Oxy-B1, Ultraviolet Stabilizers
- **Flammability:** Flame resistant. Passed Vertical Flame Test UL 94V-O
- **Warranty:** 5-Year replacement
